Monday 16 November

18.30 – 19.45

Welcome and overview

Dr Nick van As, Medical Director, The Royal Marsden NHS Foundation Trust & Chair, UK SABR Consortium

18.35 Keynote I: SABR in early stage NSCLC: clinical indications and technical aspects

Dr. Serena Badellino, Radiation Oncologist, Turin, Italy

ACCURAY

19.05 Proffered papers I

Chair John Lilley, Head of External Beam Radiotherapy Physics, Leeds Cancer Centre

PP01 Early experience with single-fraction SABR for treating lung cancer

Dr Daniel Johnson, Lead Clinical Scientist, South Tees NHS Foundation Trust

PP02 Improving the SABR multidisciplinary team meeting

Dr Helen Saxby, Oncology Trainee, Royal Surrey County Hospital

PP03 A plan quality improvement tool for SABR

Dr Antony Carver, Principal Clinical Scientist, University Hospitals Birmingham NHS Foundation Trust

PP04 Commissioning deviceless 4DCT: validation of an innovative approach to 4DCT for lung SABR imaging

James Barber, Therapy Radiographer, Guys and St Thomas' NHS Foundation Trust

19.45 Close

Tuesday 17 November

08.00 – 09.00

Educational Session I

SABR Expansion a pragmatic view for stakeholders

Chair: Dr Anoop Haridass, Consultant Clinical Oncologist, The Clatterbridge Cancer Centre NHS Foundation Trust

The SABR Expansion program background and the clinician mentor's perspective and challenges

Dr Anoop Haridass, Consultant Clinical Oncologist, The Clatterbridge Cancer Centre NHS Foundation Trust

SABR Expansion programme - the clinician mentees perspective and challenges

Dr Girija Anand, Consultant Clinical Oncologist, North Middlesex University Hospital NHS Trust

RTTQA perspective on the Global Harmonization Group consensus guidelines for OAR delineation

Patricia Diez, Lead Clinical Scientist, Mount Vernon Cancer Centre, National Radiotherapy Trials Quality Assurance (RTTQA) Group

18.30 – 19.55

Welcome and introduction

Yat Man Tsang, Consultant Radiographer - Specialised Service Delivery, East and North Hertfordshire NHS Trust

18.35 Keynote II: From data to discovery: a cloud-based system to aggregate, visualize, edit, and analyse data across multiple institutions

Dr Benjamin E. Nelms, Founder of ProKnow[®] and Advisor to Elekta

19.05 Proffered papers II

Chair: Chris Dean, Lead Stereotactic Radiotherapy Physicist, Barts Health NHS Trust

PP05 SBRT vs CRT in pancreas adenocarcinoma: evaluating of tolerability and efficacy.

Carolina de la Pinata, Radiation Oncologist, Hospital Ramón y Cajal, Madrid, Spain

PP06 Stereotactic body radiotherapy to the pancreas - Oxford experience

Dr Suliana Teoh, Trainee, Oxford Cancer Centre

PP07 MR guided stereotactic radiotherapy for gynaecological cancers: initial experience

Dr Manasi Ingle, Clinical Fellow, The Royal Marsden Hospital and The Institute of Cancer Research

PP08 The emerging role of stereotactic radiotherapy for head and neck cancer

Dr Muhammad Shahid Iqbal, Consultant Clinical Oncologist, Northern Centre for Cancer Care

PP09 Prostate SABR on high field strength MR Linac

Dr Milan Anjanappa, Clinical Research Fellow, The Christie NHS Foundation Trust

19.55 Close

Wednesday 18 November

08.00 – 09.00

Educational Session II

SABR Expansion a pragmatic view for stakeholders

Chair: Dr Anoop Haridass, Consultant Clinical Oncologist, The Clatterbridge Cancer Centre NHS Foundation Trust

The physics and radiographer mentor's perspective and challenges

Gail Distefano, Principal Scientist, Royal Surrey County Hospital and Lisa-Jane Conway, Radiographer, Royal Surrey County Hospital

The physics and radiographer mentees perspective and challenges

Tim Hosking, Principal Physicist, North Middlesex University Hospital NHS Trust and Rob Lythgoe, Superintendent Radiographer, North Middlesex University Hospital NHS Trust

Multi-disciplinary team panel discussion

With above speakers

18.30 – 19.55

Welcome and introduction

Dr James Good, Consultant Clinical Oncologist, University Hospitals Birmingham NHS Foundation Trust

18.35 Keynote III

Technical advances in SABR for patients with liver cancers

Dr Michael Velec, PhD, Radiation Therapist, Clinician Scientist, Princess Margaret Cancer Centre, Toronto, Canada

19.05 Keynote IV: SABR for gastro-intestinal malignancies with a focus on colorectal cancer

Professor Maria Hawkins, UCL

varian

19.35 UK SABR roll out

Dr Nick van As, Medical Director, The Royal Marsden NHS Foundation Trust & Chair, UK SABR Consortium and Rushil Patel, Lead SABR Physicist, Mount Vernon Cancer Centre & National Radiotherapy Trials Quality Assurance (RTTQA) Group

19.55 Close

Thursday 19 November

18.30 – 20.20

Welcome and introduction

Chair: Dr Fiona McDonald, The Royal Marsden, NHS Foundation Trust & Vice-Chair, UK SABR Consortium

18.35 Keynote V

SABR for primary lung tumours: What is standard and what should remain investigational for now?

Professor Suresh Senan, Amsterdam University Medical Center, The Netherlands

19.05 UK Clinical Trials update

Chairs: Dr Alison Tree, Consultant Clinical Oncologist, The Royal Marsden NHS Foundation Trust & Associate Honorary Faculty, Institute of Cancer Research and Dr Fiona McDonald, The Royal Marsden, NHS Foundation Trust & Vice-Chair, UK SABR Consortium

Lung – Dr Tony Pope, Consultant Clinical Oncologist, The Clatterbridge Cancer Centre NHS Foundation Trust

GI - Dr James Good, Consultant Clinical Oncologist, University Hospitals Birmingham NHS Foundation Trust

Prostate – Dr Julia Murray, Consultant Clinical Oncologist, The Royal Marsden NHS Foundation Trust and Institute of Cancer Research

19.50 Proffered papers III

Chair: Dr Matthew Hatton, Consultant Clinical Oncologist, Weston Park Hospital and Honorary Professor, University of Sheffield

PP10 Stereotactic ablative radiotherapy (SABR) for liver metastases: A single centre experience

Dr Anna Littlejohns, Junior Clinical Fellow, Leeds Teaching Hospitals NHS Foundation Trust

PP11 Outcomes of stereotactic body radiotherapy for hepatocellular carcinoma from an Australian liver cancer service

Dr Howard Liu, Radiation Oncologist, Princess Alexandra Hospital, Brisbane, Australia

PP12 Single centre outcomes following the introduction of stereotactic ablative radiotherapy (SABR) for hepatocellular carcinoma (HCC)

Dr Christine Podesta, Trainee Oncologist, Leeds Teaching Hospitals NHS Foundation Trust

20.20 Round-up and presentation of best proffered papers, ePosters
