

JOINT SABR CONSORTIUM & RCR CONTOURING TRAINING WORKSHOP

Monday 19th and Thursday 22nd October 2020

This online event will train oncologists to contour lung cancers and selected oligometastases for SABR. This course would also be suitable for peer review, for those just starting to treat oligometastases. The course will be held over two evenings in the same week and run from 5.00 – 7.00pm.

THE FOLLOWING CASES WILL BE CONTOURED:

1. Lung primary
2. Nodal oligometastasis
3. Bone oligometastasis

SCHEDULE AND DEADLINES

Participants will need to contour the three cases prior to the first event and these will be reviewed by the faculty prior to the first session. Cases will be available to contour from 25th September and must be submitted before the deadline of 5th October.

SESSION 1 Monday 19th October 5.00-7.00pm

Teaching on contouring of oligometastases for SABR. The submitted contours will be reviewed online as a group (no individual identification of contours), general learning points brought out.

Between sessions participants will recontour all three cases, based on Session 1 learning

SESSION 2 Thursday 22nd October 5.00 -7.00pm

Review of recontours, further teaching on difficult cases, covering all modalities of imaging, tips for reviewing plans

Each participant will receive individual feedback on final contours submitted and this will be done within 2 months of the event.

**ONLY 50 PLACES AVAILABLE ON A FIRST COME FIRST SERVED BASIS,
ALL REGISTRATIONS MUST BE COMPLETED BEFORE 18TH SEPTEMBER.
COST: A NOMINAL FEE OF £20 WILL BE CHARGED AND YOU MUST BE ABLE
TO ATTEND BOTH EVENING DATES IN ORDER TO PARTICIPATE.**

Places can be booked and paid for online at
www.sabr.org.uk
